

# Camera and Video Equipment Repair

## We provide Quality Surgical Device Repair

At Optimum Surgical, it is our mission to partner with healthcare facilities to better maintain surgical devices in a cost effective manner. We are dedicated to providing reliable, quality repair services that significantly reduce costs and increase clinical efficiency while providing unparalleled service. Using only quality replacement components, we ensure that all devices perform as intended giving you the peace of mind you deserve.

From camera cable replacement and fluorescent coupler filter repair to camera head, light source and control unit repair, Optimum Surgical can help keep your video equipment functioning properly. We have the capabilities to repair all makes and models of video equipment including (but not limited to) video cameras, couplers, light sources, video printers, image storage systems and monitors. Our video component repair operations are registered with the FDA and meet all UL safety requirements.

**Free Estimates.** Free estimates available for all video equipment repairs.

**Satisfaction Guaranteed.** We offer a 100% satisfaction guarantee for all video equipment repairs. If you are not completely satisfied with the quality and/or workmanship of your video equipment repair(s), Optimum Surgical will fix or replace the item(s) free of charge.

**Quick Turnaround.** Most video equipment repairs are completed within 3 to 5 days.

**Free Loaners.** We offer a vast inventory of loaner camera and video components at no charge to you. Available on a first come, first serve basis.

**Cost Savings.** Customers who utilize Optimum Surgical for camera and video equipment repair realize savings between 20% and 50% over the original equipment manufacturers.

**Preventative Maintenance and Education.** Optimum Surgical offers preventative maintenance and education programs to help reduce the frequency and severity of video component repairs.
