

Flexible Endoscope Repair

(Large and Small Diameter)

We provide Quality Surgical Device Repair

At Optimum Surgical, it is our mission to partner with healthcare facilities to better maintain surgical devices in a cost effective manner. We are dedicated to providing reliable, quality repair services that significantly reduce costs and increase clinical efficiency while providing unparalleled service. Using only quality replacement components, we ensure that all devices perform as intended giving you the peace of mind you deserve.

Optimum Surgical specializes in the repair of fiber, video and ultrasound scopes. We have the capabilities to repair small and large diameter flexible endoscopes from all major manufacturers. From angulation adjustments and bending section repairs to complete endoscope refurbishment services, Optimum Surgical has the expertise to keep your flexible endoscope inventory functioning as intended. Our focus on quality is seen through our commitment and compliance to the FDA's Quality System Regulation (QSR) and most current ISO standard for medical devices.

Free Estimates. Free estimates available for all flexible endoscope repairs.

Satisfaction Guaranteed. We offer a 100% satisfaction guarantee for all flexible endoscope repairs. If you are not completely satisfied with the quality and/or workmanship of your flexible scope repair(s), Optimum Surgical will fix or replace the item(s) free of charge.

Quick Turnaround. Most flexible endoscope repairs are completed within 3 to 5 days.

Free Loaners. We offer a vast inventory of loaner flexible endoscopes at no charge to you. Available on a first come, first serve basis.

Cost Savings. Customers who utilize Optimum Surgical for flexible scope repair realize savings between 20% and 50% over the original equipment manufacturers.

Preventative Maintenance and Education. Optimum Surgical offers preventative maintenance and education programs to help reduce the frequency and severity of flexible scope repairs.
