

# Power Equipment Repair

(Battery, Pneumatic and Electric)

## We provide Quality Surgical Device Repair

At Optimum Surgical, it is our mission to partner with healthcare facilities to better maintain surgical devices in a cost effective manner. We are dedicated to providing reliable, quality repair services that significantly reduce costs and increase clinical efficiency while providing unparalleled service. Using only quality replacement components, we ensure that all devices perform as intended giving you the peace of mind you deserve.

From removing oxidation to replacing motors, control units and planetary gears, Optimum Surgical has the knowledge and experience to keep your powered surgical devices functioning properly. Our unique approach to power equipment repair enables healthcare facilities to extend the life of their valuable equipment while dramatically reducing failures. We repair and service all major brands of pneumatic, electric and battery powered surgical equipment and accessories at our FDA registered repair facility.

**Free Estimates.** Free estimates available for all power equipment repairs.

**Satisfaction Guaranteed.** We offer a 100% satisfaction guarantee for all power equipment repairs. If you are not completely satisfied with the quality and/or workmanship of your power equipment repair(s), Optimum Surgical will fix or replace the item(s) free of charge.

**Quick Turnaround.** Most power equipment repairs are completed within 3 to 5 days.

**Free Loaners.** We offer an extensive inventory of power equipment loaners at no charge to you. Available on a first come, first serve basis.

**Cost Savings.** Customers who utilize Optimum Surgical for power equipment repair realize savings between 20% and 50% over the original equipment manufacturers.

**Preventative Maintenance and Education.** Optimum Surgical offers preventative maintenance and education programs to help reduce the frequency and severity of power equipment repairs.
