

# Sterilization Container Repair

(Onsite and Offsite)

## We provide Quality Surgical Instrument Repair

At Optimum Surgical, it is our mission to partner with healthcare facilities to better maintain surgical instruments in a cost effective manner. We are dedicated to providing reliable, quality repair services that significantly reduce costs and increase clinical efficiency while providing unparalleled service. Using only quality replacement components and German-trained repair technicians, we ensure that all instruments perform as intended giving you the peace of mind you deserve.

Optimum Surgical has the expertise, parts and capabilities to keep your rigid sterilization containers in good working order. From removing dents and burrs to replacing gaskets and latching mechanisms, Optimum Surgical can improve the functionality of your rigid containers while providing you significant cost savings. Whether it be reactive repair or comprehensive proactive preventative maintenance, you can avoid astronomical replacement costs by utilizing Optimum Surgical for sterilization container repair. All repair and replacement components meet or exceed OEM specifications and are designed and engineered to stand-up to the rigors of your surgical instrument environment.

### Repair Offerings/Modalities.

- Offsite Repair
- Onsite Repair

**Free Estimates.** Free estimates available for all rigid sterilization container repairs.

**Satisfaction Guaranteed.** We offer a 100% satisfaction guarantee for all container repairs. If you are not completely satisfied with the quality and/or workmanship of your repair(s), Optimum Surgical will fix or replace the item(s) free of charge.

**Quick Turnaround and Reduced Downtime.** Optimum Surgical offers onsite container repair. All repair work can be completed onsite, in one of Optimum Surgical's mobile repair labs.

**Cost Savings.** Customers who utilize Optimum Surgical for rigid container repair realize savings between 50% and 80% over OEM replacement costs.

**Preventative Maintenance.** Optimum Surgical offers preventative maintenance programs that reduce the frequency and severity of repairs and extend the life and lower the costs associated with maintaining your rigid sterilization containers.
