

Rigid Endoscope Repair

(Rigid and Semi-Rigid)

We provide Quality Surgical Device Repair

At Optimum Surgical, it is our mission to partner with healthcare facilities to better maintain surgical devices in a cost effective manner. We are dedicated to providing reliable, quality repair services that significantly reduce costs and increase clinical efficiency while providing unparalleled service. Using only quality replacement components, we ensure that all devices perform as intended giving you the peace of mind you deserve.

From routine objective lens polishing to rod lens and light guide bundle replacement and even full factory refurbishment, Optimum Surgical can help keep your rigid endoscope inventory in top condition. We have the capabilities to repair all makes and models of rigid scopes for use in ENT, Gynecology, Laparoscopy, Orthopedics and Urology. Don't be fooled by inexpensive copies. Optimum Surgical has partnered with German optical component suppliers to provide you with the highest quality replacement parts. Our endoscope refurbishment and repair services comply with the FDA's Quality System Regulation (QSR) and we maintain and strive to exceed the medical device industry standards in order to ensure repair and image quality.

Free Estimates. Free estimates available for all rigid endoscope repairs.

Satisfaction Guaranteed. We offer a 100% satisfaction guarantee for all rigid endoscope repairs. If you are not completely satisfied with the quality and/or workmanship of your rigid scope repair(s), Optimum Surgical will fix or replace the item(s) free of charge.

Quick Turnaround. Most rigid endoscope repairs are completed within 3 to 5 days.

Free Loaners. We offer a vast inventory of loaner scopes at no charge to you. Available on a first come, first serve basis.

Cost Savings. Customers who utilize Optimum Surgical for rigid scope repair realize savings between 20% and 50% over the original equipment manufacturers.

Preventative Maintenance and Education. Optimum Surgical offers preventative maintenance and education programs to help reduce the frequency and severity of rigid endoscope repairs.
