

Surgical Instrument Repair

(Onsite and Offsite)

We provide Quality Surgical Instrument Repair

At Optimum Surgical, it is our mission to partner with healthcare facilities to better maintain surgical instruments in a cost effective manner. We are dedicated to providing reliable, quality repair services that significantly reduce costs and increase clinical efficiency while providing unparalleled service. Using only quality replacement components and German-trained repair technicians, we ensure that all instruments perform as intended giving you the peace of mind you deserve.

From basic alignment and sharpening to rebuilding complex laparoscopic instruments and retractor systems, Optimum Surgical can help keep your surgical instrument inventory in top condition. We utilize German-trained technicians to repair all makes and models of surgical instruments in accordance with industry standards and OEM specifications. Optimum Surgical has partnered with German surgical instrument component suppliers to provide you with the highest quality repair and replacement parts. Our proactive approach to surgical instrument repair reduces costs, minimizes instrument downtime and improves patient safety and surgeon satisfaction.
